Knowledge for Creating and Sustaining the Built Environment

Meeting Date: Tuesday, May 8, 2007
Place: NCR Country Club
Social Time: 5:30p-6:00p
Dinner: 6:00p with program immediately following dinner.

Presenter: Jon Schlosser from Centria

Program Description: This highly visual presentation reviews how insulated composite panels are manufactured, defines the criteria that make up “The Complete Wall” and reviews how Insulated Composite Panels meet these criteria. The features of “The Complete Wall System” reviewed include: Aesthetic Flexibility; Air & Moisture Control; Thermal Code & ASHRAE Requirements; Fire, Structural, Seismic & Missile Code Compliance; Sustainable Design – “Cradle to Cradle”; Easily Installed; Geographic Flexibility; Integrated Accessories; Costs; Maintenance and Life Expectancy. The conclusion is a comprehensive review of building types where Insulated Composite Panel System has been used successfully in New Construction and a Retrofit Case Study.

If you saw our program on “Rainscreens and Moisture Control”, you already know of the difficulties designing wall systems with multiple components and satisfying the variety of climactic conditions. This program carries forward with a wall that is the ultimate in providing a complete system for exterior enclosure in any climate while offering a multitude of design options."

CENTRIA is registered with the American Institute of Architects' Continuing Education System (AIA/CES) and is committed to developing quality learning activities in accordance with AIA/CES criteria. This seminar meets the AIA/CES criteria for Health/Safety/Welfare (HSW). AIA Members will receive 1 Learning Unit (LU), which we will report directly to the CES. *Those who wish to receive credit will need to have their AIA membership numbers available at the time of the seminar.* Designers, Specifiers, and Project Architects will benefit most from the content of this seminar.

The Dayton-Miami Valley Chapter website received an overhaul. We have updated the site to include newsletters, program meetings, Institute links and Chapter information. The site will be updated with information as it becomes available on November's Ron Woeste Construction Product show and other important Chapter events. .

Here's your chance to get a piece of the action. Your company can advertise on the website for \$100 per year (July to July). Your company logo will be displayed and with a simple click on the logo will direct the user to your company webpage.

As an introductory offer,
if you pay for one year's advertising, you will get free advertising until July.
If you are interested in advertising, contact Tina by email at csi052@yahoo.com
or call 937-478-1851.

Visit the website at www.csidaytonmiamivalley.org.

DAYTON DRAGONS BASEBALL OUTING
Wednesday, August 1, 2007
First Pitch at 7:00 PM
Fifth -Third Field
Dayton, Ohio

Make your reservations for an evening of Baseball and Professional Fellowship as the Dayton Dragons take on the Wisconsin Timber Rattlers. CSI DAYTON-MIAMI VALLEY with support from Mutual Electric Company has reserved the Party Deck for the evening. Your reservation will include your ticket, food and drinks.

This event is open to all CSI members. Bring your spouse, a client, or your best-friend, but do not miss this event. Tickets are limited. Due to the professional nature of the event and the presence of alcohol, please no one under the age of 21. If tickets remain after July 11, 2007, we will open sales to include immediate family members 16 years and older.

Registration Information:
